

Disclosure of Relevant Financial Relationships and Content Validation Guidelines

The intent of this disclosure is to allow Scott & White the opportunity to resolve any potential conflicts of interest to assure the independent integrity of the activity content.

Name: Tanisha Hamilton, MD

Title of Activity: Larkin Lecture: "When Righteousness and Peace Kiss: Transcending Religious Discrimination in Healthcare"

Date of Activity: September 1, 2021

Faculty Planner

First, list the names of any entities producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients, with the exemption of non-profit or government organizations and non-health care related companies with which you or your spouse/partner have, or have had, a relevant financial relationship within the past 12 months. For this purpose we consider the relevant financial relationships of your spouse or partner that you are aware of to be yours.

Second, describe what you or your spouse/partner received (ex: salary, honorarium etc). Baylor Scott & White Health does NOT want to know how much you received.

Third, describe your role.

Commercial Interest	Nature of Relevant Financial Relationship (Include all those that apply)	
	What was received	For What Role?
<i>Example: Company 'X'</i>	<i>Honorarium</i>	<i>Speaker</i>

<input checked="" type="checkbox"/>	I (We) do not have any relevant financial relationships with any commercial interests.
-------------------------------------	--

Signature Tanisha J. Hamilton

Date 08/17/2021

Example terminology

Role(s): Employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities (please specify).

Glossary of Terms

Commercial Interest

The ACCME defines a "commercial interest" as any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients.

Financial relationships

Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected. ACCME considers relationships of the person involved in the CME activity to include financial relationships of a spouse or partner.

Relevant financial relationships

ACCME focuses on financial relationships with commercial interests in the 12-month period preceding the time that the individual is being asked to assume a role controlling content of the CME activity. ACCME has not set a minimal dollar amount for relationships to be significant. Inherent in any amount is the incentive to maintain or increase the value of the relationship. The ACCME defines "relevant" financial relationships as financial relationships in any amount occurring within the past 12 months that create a conflict of interest.

Conflict of Interest

Circumstances create a conflict of interest when an individual has an opportunity to affect CME content about products or services of a commercial interest with which he/she has a financial relationship.

Content Validation Guidelines for Course Directors, Speakers and Planners of CME Activities

As a provider of CME accredited by the Accreditation Council for Continuing Medical Education, the A Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health must ensure balance, independence, objectivity, and scientific rigor in all continuing education activities. For all *AMA PRA Category 1 credit*[™] CME activities Baylor Scott & White Health places a higher priority on the health and well being of the public than on individuals' personal economic interests. All recommendations involving clinical medicine in a CME activity must be based on evidence that is accepted within the profession of medicine as adequate justification for indications and contraindications in the care of patients. All scientific research referred to, reported, or used in CME in support of justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection, and analysis.

- 1. The content of this program is intended to promote improvements or quality in health care and not specific proprietary business interests of commercial entities.**
- 2. All decisions made with regard to presentations (or the planning of this activity) are free of the control of commercial interest(s).**
- 3. Presentations will give a balanced view of therapeutic options and evidence based studies will be cited whenever possible. Product recommendations will not be included.**
- 4. If it is necessary to include trade names in a presentation, speakers will endeavor to mention trade names of several companies, not just the trade names from a single company.**
- 5. Unlabeled use of commercial products or investigational applications not yet approved for use by the FDA will be disclosed to the audience.**
- 6. Financial relationships of speakers and planners will be disclosed to the audience.**
- 7. Faculty (speakers, authors, planners) will not receive direct remuneration from the commercial supporter of this activity and will abide by Scott & White's honoraria policy.**
- 8. Failure to disclose will preclude speakers and planners from participating in this educational activity.**
