Template for Collecting Information about All Financial Relationships from
Planners, Faculty, and Others

For more information,
visit accme.org/standards

CME Disclosure Information

You must read the information provided and answer the questions regarding your financial relationships with ineligible companies to participate in this activity.

As a prospective planner or faculty member, we would like to ask for your help in protecting our learning environment from industry influence. Please complete the form below and submit.

The ACCME Standards for Integrity and Independence require that we disqualify individuals who refuse to provide this information from involvement in the planning and implementation of accredited continuing education. Thank you for your diligence and assistance. If you have questions, please contact us at CE@BSWHealth.org.

To be Completed by Planner, Faculty, or Others Who May Control Educational Content

Please disclose **all financial relationships** that you have had in the past 24 months with ineligible companies (see definition below). For each financial relationship, enter the name of the ineligible company and the nature of the financial relationship(s). There is no minimum financial threshold; we ask that you disclose all financial relationships, regardless of the amount, with ineligible companies. You should disclose all financial relationships regardless of the potential relevance of each relationship to the education.

Enter the Name of Ineligible Company

An **ineligible company** is any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

For specific examples of ineligible companies visit accme.org/standards.

Enter the Nature of Financial Relationship

Examples of financial relationships include employee, researcher, consultant, advisor, speaker, independent contractor (including contracted research), royalties or patent beneficiary, executive role, and ownership interest. Individual stocks and stock options should be disclosed; diversified mutual funds do not need to be disclosed. Research funding from ineligible companies should be disclosed by the principal or named investigator even if that individual's institution receives the research grant and manages the funds.

Has the Relationship Ended?

If the financial relationship existed during the last 24 months, but has now ended, please check the box in this column. This will help the education staff determine if any mitigation steps need to be taken.

In the past 24 months, I have not had any financial relationships with any ineligible companies
True

Faculty/Speaker/Authors for CME activities - additional agreements:

1. Will not actively promote or sell products or services during accredited education.
2. Will not include product logos or trade names of an ineligible company; or, if it is necessary to include trade names in a presentation will endeavor to mention the trade names of several companies, not just trade names from a single company.
3. Will not receive direct remuneration from an ineligible company.

I attest that the above information is correct as of this date of submission and I will abide by the additional agreements. Should my information change, I agree to update the CME Team at CE@BSWHealth.org
