As an ACCME-accredited CME provider, the A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is responsible to ensure that its CME activities meet ACCME requirements for content validation and freedom from commercial bias. To that end, the AWRC has implemented mitigation strategies for those who are in control of content and who have been identified as having relevant financial relationships.

**Please select one of the three mitigation strategy options below:**

For **Option 1**, faculty should check "Yes" to agree with ALL review items to complete the mitigation process. If selecting **Option 2**, faculty should complete the "effective date." If selecting **Option 3**, faculty will need to provide the presentation for the Activity Director to review prior to the activity (Reviewer will need sufficient time to review/complete mitigation).

Option 1 Mitigation Strategy:		
Yes	No	Review Items
<input checked="" type="checkbox"/>	<input type="checkbox"/>	All clinical recommendations within this content are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Content gives a balanced view of therapeutic options and includes discussion of risks as well as benefits of treatment options.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Content is valid, reliable, and accurate, and promotes improvements or quality in health care.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Any off-label or investigational uses of products are identified.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	There is no commercial bias either for or against a product or service.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Scientific research used in support of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection, and analysis.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	When applicable, Post-test questions and answers are clear and accurate and are free of perceived bias toward specific clinical treatments.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Generic names are used consistently. If trade names are used for clarification, <b>all</b> trade names are included.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Product specific messages, logos, promotional statements, etc. are excluded from slides or handouts.
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Literature is cited to support data presented (i.e. studies, experiments).
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Multiple treatment options are discussed in presentation.

Option 2 Mitigation Strategy:	
Yes	
<input type="checkbox"/>	I have divested myself of the relationship with the ineligible company as of <i>{enter effective date}</i> .

Option 3 Mitigation Strategy:	
Yes	
<input type="checkbox"/>	I will submit my presentation for review by a CME team member/Activity planner without relevant financial relationships for review and include changes as recommended (if any) in my final presentation for this activity. <b>Please provide presentation/content within 7 days of presentation date.</b>

We appreciate your adherence to these requirements. Please sign below to attest to your agreement with these terms.

Title	Printed Name	Signature	Date
Faculty/Speaker/Author	Daniel Stahl, MD		2/18/25

\*According to ACCME: An *ineligible company* is any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.
