

Department of Orthopaedic Surgery
2026 Hanes H. Brindley, Sr. and Jr. Orthopaedic Lectureship
And Resident Research Forum
Thursday, May 7, 2026
2401 South 31st Street, Temple, TX 76508
Sid Richardson Auditorium

8:00-9:30 Case Presentations by Scott & White Senior Staff and Residents to David Dennison, MD

CME Credit

9:30-10:30 **“Wrist and Forearm Trauma – What to do and when to do it”**
David Dennison, MD

10:30-12:00 PGY5 Research presentation

“Survivorship of a Proximal Humerus Mega prosthesis on a Reverse Total Shoulder Arthroplasty Platform: A Retrospective Case Series”
Garret Hisle, MD

“Reoperation Rates Associated with Treatment of Low Energy Intracapsular Femoral Neck Fractures: Cephalomedullary Nailing versus Closed Reduction Percutaneous Fixation”
Cameron Kerl, MD

“The Positive Association of a Mental Health Specialist with Return to Play and Complication Rates in Patients with Mental Health Diagnoses Undergoing ACL Reconstruction”
Davinder Mand, MD

“Resilience correlates with patient-reported outcome measures at a minimum of 2 years after arthroscopic rotator cuff repair”
Mohammad Syed, MD

12:00-12:30 BREAK – Lunch Provided

CME Credit

12:30-1:30 **“Lessons Learned – A guide for managing call, clinic and surgery”**
David Dinnison, MD

CME/Ethics Credit

1:30-2:30 **“Working with the Difficult Patient”**
Legal/Risk Management – Bill Selby

2:30-3:00 Break

3:00-4:00 PGY2’s – Study Research Proposals

“Differences in Morbidity and Mortality between patients with non-displaced versus displaced femoral neck fractures”
Matthew Heiken, MD

“Evolving Changes in Community Penetration and Utilization of Robotic Total Knee Arthroplasty”
Kacie Mitchell, MD

“Does staged hardware removal affect surgical complexity in conversion of total hip arthroplasty?”
Ty Reasnor, MD

“Prophylactic Fixation for Impending Hip Fractures: A Comparison of Inpatient Versus Outpatient Demographics and Outcomes”
William Singer, MD

4:00-4:15 Plaque Presentation to Guest Speaker, Dr. David Dennison
